Legal Update and Mock Trial for ORIMS

Dutton Brock is pleased to partner with ORIMS in providing Professional Development opportunities for its members.

ORIMS and Dutton Brock invite you to join them on February, 24, 2010 for a "Legal Update" with a panel of expert litigators from Dutton Brock. In this Legal Update, the panel will discuss: the new *Apologies Act*; the effects of You Tube and Facebook on claims; the increasing role of corporate employees as witnesses; the independent contractor defence in *Occupiers Liability*; a lawyer's perspective on incident reports; additional insured coverage in vendor agreements; customer's negligence and the new Ontario Rules of Civil Procedure. A **mock trial** format will explore recent caselaw and include plaintiff and defence closing arguments.

Space is limited so [click here](#) to be directed to the ORIMS website for more information and registration.
